## Overview

Stomp Chomp Roar LLC is growing their mobile fleet by adding a traveling dinosaur museum to their business. The Dino Bus will essentially be a brick & mortar location, but on wheels. Our traveling museum will bring the love of dinosaurs & prehistoric life to all kinds of venues from festivals & public events to libraries & elementary schools. Along with our permanent dinosaur exhibit the Dino Bus will also include a small prehistoric gift shop & a fossil bar for kids. The Dino Bus will be the first, for not only our amazing community, but for the nation. This is Stomp Chomp Roar Nation!!

## Goals

1. Our first goal is to secure funding to purchase our bus by the end of 2023.  
(Complete)
2. After securing funding, the next step will be to find & purchase our dream bus.  
(Complete)
3. Throughout the year of 2024 we will secure additional funding in order to transform our former school bus into one of Omaha's premier mobile educational attractions.  
(In Progress)
4. As our construction continues we will begin promoting our bookable services during the fall of 2024 to be booked for the summer of 2025.
5. After completing our transformation we will plan our grand opening celebration for the spring of 2025.

## Funding

In order to bring our prehistoric dream to life we are looking for local businesses to become our community sponsors. We have created five sponsorship tiers that will work with anyone's company budget. Each tier level will also come with a unique set of benefits for their business. All dollar amounts are a one time contribution & not a yearly fee. Below are our sponsorship tiers to choose from.
